RESEARCH EXPERIENCE

Postdoctoral Researcher

Astronomical Institute of the Czech Academy of Sciences

Nov 2025–present
Prague, Czech Republic

- Data reduction and analysis of 28 galaxies observed as part of ALMA JELLY large program (PID: 2021.1.01616.L, PI: Pavel Jáchym)

Tracing Gas Flows in Nearby Galaxies

Anne-Laure Melchior, Françoise Combes, Anaëlle Hallé

Oct 2022 – Sep 2025
Paris, France

- Using the data from MaNGA to study the ionized gas contents of a peculiar group of galaxies falling into Abell 2142. Published in A&A
- Identifying signatures of Galactic Fountains in M101 using HI (THINGS), UV (GALEX) and ionized gas (CFHT-SITELLE). Published in A&A

Numerical Models of High-Redshift Quasar Absorbers

Katherine Rawlins

Nov 2021 – Jul 2023
Mumbai, India

- Used bayesian analysis, to numerically model six damped Lyman- α systems at high redshifts 3-4 with CLOUDY to reproduce the column densities observed in the literature. Published in MNRAS

TEACHING

ELS Instructor

Laguage Department, Sorbonne University

Jan 2023-Sep 2025
Paris, France

- Conducted TOEIC workshops and conversation classes in English for 18+ adults

Curriculum and Content Developer

Cedarwood Afterschool Program

Mar 2022-Jun 2022
Online

- Developed and taught multiple batches of a 10-day astronomy summer camp to school children (grades 1-8)

Volunteer

Social Service League, St. Stephen's College

Jul 2017-Mar 2018
New Delhi, India

- Taught middle-school Science and Mathematics as part of Evening Classes initiative, which provides after-school assistance to underprivileged children

EDUCATION

Doctor of Philosophy in Astrophysics

LUX/LERMA, Sorbonne University

Oct 2022 – Sep 2025
Paris, France

- Defended publicly on Sep 12, 2025
- Funded by Ecole Doctorale 127 AAIF
- **Coursework** : Black Holes by E.ourgoulhon, Large Surveys and Cosmological Structure by B. Wandelt

Master of Science in Physics

St. Xavier's College

Nov 2020 – May 2022
Mumbai, India

- Specialization in Astrophysics
- Cumulative GPA – 9.50/10.00; Distinction
- **Coursework** : Galactic & Extragalactic Astronomy, GR & Cosmology, Stellar Structure & Evolution, Physics of Radiation & Matter

Bachelor of Science (Hons.) in Physics

St. Stephen's College

Jul 2017 – May 2020

New Delhi, India

- Cumulative GPA – 7.96/10.00; First Division

OBSERVING PROPOSALS & EXPERIENCE

IRAM 30m Telescope (Granada, Spain)

Visiting Observer on behalf of PI Rhys Taylor, ID:185-25

Mar & Jun 2026

2 weeks onsite observing

CFHT 2025A

Spatially Resolved Ionised Gas in Group G, PI

Sep 2024

Accepted, 6h

IRAM NOEMA - Summer Semester 2024

CO (1-0) in Group G, PI

Mar 2024

Accepted, Grade B, Unobserved

OUTREACH & ORGANIZATIONAL ACTIVITIES

Astronomy Club in Cité Universitaire

Co-founder & Social Media Manager

Dec 2022-Sep 2025

Paris

Astronomy-on-Tap

Talk on Jellyfish Galaxies

Mar 2024

Paris

Journal Club Organizer

LERMA, Paris Observatory

Sep 2023-Dec 2024

Paris

15th and 16th edition of Elbereth Conference

Local Organizing Committee, IAP

2022 & 2023

Paris

TALKS & CONFERENCES

Talks and Presentations

- SS30, European Astronomical Society Annual Meeting, Dublin (*Contributed*) Jun 2025
- Jellyfish Galaxies and Ram Pressure Stripping Workshop (*Invited*) Mar 2025
- MPIA Galaxy Coffee (*Invited*) Jan 2025
- API Galaxies et Grandes Structures, Paris (*Invited*) Oct 2024
- PNCG Journées Scientifiques Galaxies, Lyon (*Contributed*) Oct 2024
- Faculté des sciences et de génie, Laval University, Québec (*Seminar*) Aug 2024
- ACU Journal Club, Prague (*Seminar*) Dec 2023
- PNCG Journées Scientifiques Galaxies, Paris (*Contributed*) Oct 2023
- St. Xavier's College, Mumbai (*Invited*) Sep 2023

Conferences and Workshops Attended

- 8th ICM Theory and Computation Workshop (Brno) Jul 2026
- European Astronomical Society Annual Meeting (Padova) Jul 2024
- International Summer School on the ISM of Nearby Galaxies (Banyuls-sur-Mer) Jul 2023
- European Astronomical Society Annual Meeting (Kraków) Jul 2023
- 11th Iram Interferometry School (Grenoble) Nov 2022
- Reigniting the Research Spark: Exploring New Methodologies and Perspectives, conducted jointly by St. Xaviers College and IQAC Mar 2021
- EMER-GEN, conducted jointly by Advanced Maui Optical and Space Surveillance Technologies Conference (Hawaii) and SGAC Sep 2020
- Photovoltaic Systems, TechFest, Indian Institute of Technology (Bombay) Jan 2020

AWARDS

St. Xavier's College

Mumbai, India

- 1st place in PROBE (Student Research Seminar) Oral Presentation Competition Mar 2022
- 1st place in JIGYASA (Physics Exhibition) A Philosopher's Tool to the Heavens Sep 2021
- 1st place in PROBE (Student Research Seminar) Poster Presentation Competition Apr 2021
- Merit Scholarship for Academic Excellence Jan 2021

SKILLS

Programming/Scripting Languages: Python, SQL, $\text{\LaTeX}$, HTML

Tools: CASA, RADEX, ORCS, Marvin, ScousePy, CLOUDY, Gildas, GitHub, TOPCAT, ALADIN

Operating Systems: Ubuntu, Apple iOS, Microsoft Windows
